VOL. XXXII:

STANFORD, KY. TUESDAY, MAY 17, 1904. 8 A M.

NO. 23

LAND, STOCK, CROPS, ETC.

Wanted, stock to graze. H. G. Lutes, Stanford.

William Fields sold to J. B. Leavell at Danville yesterday a brown gelding for \$250.

Cowan, McCormack & Woods have bought about 12,000 pounds of wool at 14c to 24c.

Thomas Bright has a cow that gives 24 gallons of milk per day after suckling two healthy calves.

Wanted to sell nine 80-pound shoats and two sows and pigs, or will exchange for a good fresh milk cow. J. Y. Good, pastor, Highland.

ESTRAY.—A hornless, red yearling heifer left my place two weeks ago. Reward for her return. J. M. Coffey, Walnut Flat, Ky.

DANVILLE COURT.—A good crowd was at Danville yesterday but business was dull. Not many cattle were on the market and the demand was not great.

T. J. Goode sold to R. L. Murphy 13 two-year-old steers for \$393.25 and three calves for \$37 and 50 barrels of corn for \$150, to different parties.—Casey County News

J. F. Witherspoon has sold his splendid farm near Talmage, consisting of about 370 acres, to Mr. Rankin Clemens, of Fayette county, at \$70. This makes nearly 1,000 acres of Mercer county land owned by Mr. Clemens.—Harrodsburg Herald.

In sustaining a demurrer to the petition of the State Fair officials against the Owensboro guarantors for a deficit of \$12,000, Judge Birkhead holds that the plaintiff must first ascertain the loss from its books, pay it and then prorate it and make a demand on each guarantor. The case will be appealed.

CURE CATARRH BY BREATHING.

Penny offers to return money if Hyomei treatment fails to cure catarrh without stomach dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c, making it one of the most economical of treatments for catarrh.

Penny believes so thoroughly in the merit of Hyomei, that he guarantees to return the money if it fails. This is certainly the strongest evidence he can give of his faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask Penny to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

A SAD MISUNDERSTANDING.—The man was long and lanky, but he came into the office of the Clarion Gouge of Liberty looking benevolent.

"Mr. Editor," said he, "next week I'm goin' to bring you in some nice spring poultry, and—"

The editor rose like a fury. He seized the long, lank man, and with force of arms hurled him down the office stairs. He was still defiant and breathing hard when the printer's devil, standing by, said:

"Gee! Is it the grand gazabo for theirs when they fetch in spring poultry?"

"Spring poultry!" exclaimed the editor. "Great Greeley's ghost! I thought he said poetry!"

And, walling, he went out and banged his head against the office towel until everything cracked.—New York Sun.

Rheumatic Pains Relieved.

The prompt relief from the severe pains of sciatica and rheumatism which is afforded by Chamberlain's Pain Balm is alone worth many times its cost. Mr. Willard O. Vale, of Poughkeepsie, N. Y., writes: "I am troubled with rheumatism and neuralgia of the nerves and Chamberlain's Pain Balm gives relief quicker than any liniment I have ever used." For sale by W. N. Craig.

We have the finest hotels in the world and more of them than any other country. There are altogether 44,000 hotels in the United States, according to a New York manager, representing an invested capital of over \$8,000,000,000. These establishments employ 3,500,000 persons. The hotel population is enormous and steadily increasing. Some of the finest houses cost as much as \$4,500,000.—New York Press.

Miss Clara Barton has resigned the presidency of the American Red Cross and Mrs. John A. Logan will succeed her.

Sunday School Convention At Brodhead.

The County Sunday School Convention met at the Christian church in Brodhead Friday and was called to order by the county president, J. R. Stucky, of Livingston, who is a wide-awake, up-to-date railroad man and so we ran on time and had plenty of snap and vim in the work. After calling the convention to order the welcome address was delivered by Rev. Sawyer, which was hearty and full of hospitality and we were all made to feel at home. The following program was taken up: "Of what advantage is the Sunday school to the church?" Discussed by Revs. O. M. Huey, R. B. Mahony and A. J. Pike. "Conference of Sunday school workers"—Led by Rev. T. C. Gebauer, State worker, who is one of our most efficient Sunday school men. His whole heart is in the work and if the teachers and superintendents will only carry out his suggestions we will have better Sunday schools. "Three qualifications of superintendents: Heartly, whole-hearted, filled with love for God and love for children, knowledge of God's word, of the individuals that constitute his school and all those around him who ought to be reached and brought into Sunday school. Handy, a good mixer, hand shaker and servant. Meet all with a smile and know their names and make them feel that you are their friend." And then there was also brought out this important fact to teachers: "How can teachers secure home study on part of class?" Come prepared yourself. Assign parts to each pupil, some questions for each one to find answers to during the week. Expect answers. Help them, go to see them; inquire if they have succeeded in finding their answers, etc. See their parents. "Some of the common errors of teachers: Tardiness, not preparing lessons, lack of purpose. This was very helpful to all. Address—"Bringing in the Sheaves," by Rev. Gilliam. Number of pastors present, 5; number of superintendents present, 8; number of teachers present, 16. A good gathering and the house was comfortably filled with others interested in the Lord's work. Adjourned until 1 o'clock and then went into the good Kentucky homes of Brodhead, where we were sumptuously dined and kindly welcomed. At 1 o'clock, though raining hard, the good people returned until there was a good audience, and the exercises were continued by song and prayer and then Rev. Gebauer gave an address on "The Teachers' Training." Another song, after which there was an address by Rev. O. M. Huey, subject, "Manhood's Morning."

The business of the convention was transacted. Nominating committee with J. F. Watson, chairman reported. J. R. Stucky, president; F. J. Bevington, Mt. Vernon, vice pres.; A. E. Albright, second vice pres.; Mrs. McFerran, Livingston, secretary; Jake Sambrook, Livingston, treasurer. Report of county president showed he had been at work. Number of schools visited 16, miles traveled on railroad 198, walked 18, horseback 8. Letters written 40. Paid for stamps and stationery, \$1.50, for programs and advertising, \$2, incidental expenses, 75 cts. Total paid out, \$4.25. Two hundred and twenty four miles traveled. No wonder there was so much interest in the work. Bro. Stucky's energy and determination makes things go until Rockcastle is now one of the banner counties in the State Sunday school work. Then we are reminded again what a consecrated man can do. Why don't others do likewise?

Committee on resolutions: Chairman Bevington offered the following: "Whereas, thorough preparation is necessary to the highest success in the work of teaching, therefore be it resolved by the Rockcastle County S. S. Association that we encourage in every practical way the mastery by our teachers of a teachers' reading or training course, because of the faithful work of our county and district officers, especially our honored president, J. R. Stucky.

Resolved that we do hereby extend to them our heartfelt thanks and also the resolution thanking the good people for their magnificent and royal kindness in throwing open their hearts and homes to us. There were reports from 19 schools. Thus closed one of the best county conventions ever held in Rockcastle. It was good to be there. The beautiful spirit of unity and brotherly love was prevalent. The meeting seemed to fill the people with enthusiasm for the Masters' work and all seem to turn back to their respective labors, determined to do more and better work for Him who said: "Inasmuch as you did it unto one of these my little ones, you did it unto Me." It was a good meeting. O. M. HUEY.

She was killed instantly.

GOING TO THE FAIR.

Marie is raisin' chickens,
And Bill is sawin' wood,
A savin' up their pennies,
As prudent people should.
Of father's pension money
He's putting by a share,
Cause every one is countin'
On goin' to the fair.

Nance ain't a buyin' candy
The way she used to do,
An' Joe has given up smokin';
He hardly takes a chew;
An' ma's last winter bonnet
This season she will wear,
They're all a savin' money
To spend it at the fair.

That show down in St. Louis
Will be a grand affair,
An' every person figures
That somehow he'll get there.
So each has got a stockin'
To save his little hoard,
For it will take some money
To pay the fare and board.

So Pete is splittin' fence rails,
An' Tom is cuttin' ice,
An' Sally's quit her music
To put aside the price,
An' Uncle Ed lets, meekly,
Aunt Susie cut his hair,
For every one is countin'
On goin' to the fair.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by W. N. Craig.

HUSTONVILLE.

A few desirable town lots for sale by W. R. Williams.

There is a good opening here for a livery business and those interested will do well to investigate the matter.

Cowan & McCormack are getting the lion's share of the wool crop in this vicinity and prices are still maintained to the satisfaction of the grower.

The Hustonville ball team again defeated the D. & D. team here Saturday by one score. The game was a hot one from start to finish and enjoyed by a fair crowd, despite the cold wind.

George D. Weatherford has contracted with Stone & Allman for the brick work on his new hotel, which, when completed will surpass anything of the kind in the county. Chief Architect Boyle, of Louisville, completed the design and will personally superintend the building until completed.

Newton Bros. have bought of Mrs. Josie Johnston her life interest in the lot adjoining the Newton property for \$300. This insures the building of a splendid brick hotel on the corner by Newton Bros., to be called the Newtonian. Contracts for building have been let to Campbellville parties.

C. W. Adams has bought a fine quality of hydraulic pressed brick for his new building and Stone & Allman, of Richmond, have the contract. Work will begin this week and pushed to an early completion. This will be one of the handsomest buildings to adorn the central part of our city. A metal front will be another attractive feature to this building.

Elbert Harper, of Salisbury, N. C., is at home this week getting a car load of good sale horses. Thomas Peacock and family, of Kidd's Store, passed through here Saturday en route to Burnside to fish a week. From there he will go to Monticello and open a restaurant. H. R. Camnitz has gone to Liberty to assist in work on the Casey County News. Jess and Will Wiener, of Louisville are with the family of W. S. VanArsdale. W. S. Huffman is at home from Curley's distillery. Mrs. W. J. Debaun and daughter, Miss Dorra, of Perryville, are visiting Rev. G. W. Mills and wife.

Resolutions of Respect.

We, the trustees of the Stanford Graded Common School recognize that by the death of our associate Trustee, Col. W. G. Welch, we have been deprived of a wise and prudent counselor, the school of a generous, impartial, unselfish promoter, and the whole community of a brave, cultured man of unusual mental endowment.

Be it, therefore, resolved that this testimonial be spread upon the Trustee's record book as a memorial of our appreciation of his services to the school and of our respect for and confidence in him.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm; after a few applications she said it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by W. N. Craig.

ABOUT PORT DALNY.—Port Dalny is a new town. The edict for its construction was issued by the Russian Emperor July 30, 1899. It is on Tallenwan Bay. There is a deep water harbor free from ice, and ships drawing 30 feet of water can enter at low tide. It is said that more than \$6,000,000 has been expended on the harbor system. Port Dalny is 20 miles from Port Arthur and passed, under lease, from the Chinese government to the government of Russia six years ago. The purpose of the Russians has been to make it the commercial center of its eastern dominions.

Unless the agreement slips a cog, Mayor Thomas A. Combs will be the next State central committeeman for this district, and Albert Thomson, of Bourbon, executive committeeman. Trimble agreed not to be a candidate for Congress again and two years from now Hon. W. P. Kimball will be nominated. Fayette isn't faring so badly as she might.—Lexington Democrat.

A train on the Great Western railroad beat all records for the conveyance of American mail between Plymouth and London, covering the distance of 247 miles in 237 minutes. The last 118 miles was made in 99 minutes.

Some "Hoss Sense."

Reasons why a tin roof, not a sheet iron, is the best roof made:

1st. It will last three times as long as the best shingle and will cost very little more.

2nd. It will conduct lightning as good as any lightning rod, if the gutter is connected to a tile, with down spout.

3rd. There is 50 per cent. less danger of fire and it will reduce the insurance enough to pay the difference between it and a cheap roof.

See S. H. Aldridge, the tinner and plumber, that does the work. Phone No. 116.
